Summary: Someone is coming to Berk. But who?

The Dragon and The Kid

The people of Berk once feared dragons, but thanks to Hiccup Haddock and his dragon friend Toothless, Berk is now the most common place to see them. But something else, or rather someONE else, was coming to Berk. Someone even Hiccup and Toothless couldn't anticipate.

"Aw man, I'm going to be late for school!" Ryan Tennyson cried, looking at the clock on his bedroom wall. Indeed, Ryan only had one minute to get to school, which was all the way on Rugar Street.

"Looks like there's only one thing to do." Ryan said. He grabbed his backpack and activated his Omnitrix. "Time to XLR8!" Ryan shouted, slapping the face of the Omnitrix, and morphing into XLR8. He ran out of the house, XLR8's natural superspeed carrying him over 100 miles per hour. Suddenly, a portal of some kind opened in front of Ryan! "Yikes!" he cried, slamming XLR8's 'brakes'. But Ryan wasn't able to stop in time, and he ran straight through the portal!
